

SUMMARY

M.Sc. Computer Science student and Experienced Data Engineer.
I build tools for data flows and help developing and maintaining Dashboards and BI solutions.

LANGUAGES

Hebrew native
English full proficiency
Russian limited proficiency

SKILLS

- ✓ Python
- ✓ JAVA – OOP
- ✓ SQL
- ✓ Apache Spark
- ✓ Apache Airflow
- ✓ Apache Nifi
- ✓ Tableau

HOBBIES

- Running
- Reading
- Watching documentaries

EMPLOYMENT

JAN 2021 -PRESENT

Data Engineer, Ofek 324 Unit - IAF

- Serving as Captain.
- Developing pipelines to Data Lakes.
- Big Data technologies:
NiFi, Kafka, Spark, Airflow
Java, Python, SQL

SEP 2019 -OCT 2020

Teaching Assistant, Holon Institute of Technology, Part-time

Teaching assistant in the following courses:

- Partial Differential Equations
- Ordinary Differential Equations
- Introduction to Computer Science

SEP 2019 -JUN 2020

Teaching Assistant, Gimnasia Efraim Katzir, Holon

Tutor in classes of high school students with high learning disabilities and teaching Mathematics.

EDUCATION

2022 -2024

M.Sc. in Computer Science, Holon Institute of Technology

2017 -2020

B.Sc. in Applied Mathematics, Holon Institute of Technology

Specialization in Big Data.

Summa Cumme Laude with a 95 grade.

2013 -2019

High School, Gimnasia Efraim Katzir, Holon

Computer Science program.

10-unit CS, 5-unit Mathematics, 5-unit English.

2014 -2016

YUNI alumni, "Bar Ilan excellence program"

Acceleration to matriculation exams graduate.
math matriculation score of 97.
